Location: Nakhon Si Thammarat, Thailand
Portfolio: https://nontaphat-portfolio.vercel.app

PROFESSIONAL SUMMARY

Third-year Computer Engineering and Artificial Intelligence student at Walailak University seeking a Frontend Developer internship. Hands-on experience developing and deploying responsive web applications using Next.js, TypeScript, Tailwind CSS, and Supabase. Familiar with user authentication, database integration, and modern web development workflows.

TECHNICAL & SOFT SKILLS

Programming Languages: JavaScript, TypeScript; Python (fundamentals)
Web Development: HTML, CSS, Responsive Web Design
Frameworks & Libraries: Next.js, Tailwind CSS; React (currently learning)
Backend & Database: Supabase, authentication, database integration; SQL (fundamentals)
Development Tools: Git, GitHub, VS Code, Vercel
Soft Skills: Independent work, self-directed learning, systematic problem-solving

KEY PROJECTS

SkillSync AI | Web Application | 2026 | Completed

Code: github.com/peet480312/skillsync-ai | Live Website: skillsync-ai-henna.vercel.app

- Developed a responsive career skill-matching application using weighted scoring to show job matches, skill gaps, and learning recommendations.
- Integrated Supabase authentication and analysis history; built with Next.js, TypeScript, and Tailwind CSS and deployed on Vercel.

Personal Portfolio Website | Frontend Project | 2026 | Completed

Code: github.com/peet480312/nontaphat-portfolio | Live Website: nontaphat-portfolio.vercel.app

- Designed, developed, and deployed a responsive portfolio using Next.js, TypeScript, and Tailwind CSS, with reusable UI components and interactive sections for showcasing projects and skills.

EDUCATION

Walailak University | Thailand

Computer Engineering and Artificial Intelligence | Undergraduate, Year 3

Expected Graduation: 2028

Selected coursework: Web Application Development (A), Data Structures and Algorithms (A), Operating Systems (A), Data Communication and Computer Networks (A).
